**Surface Balanced Magnetic Contact**

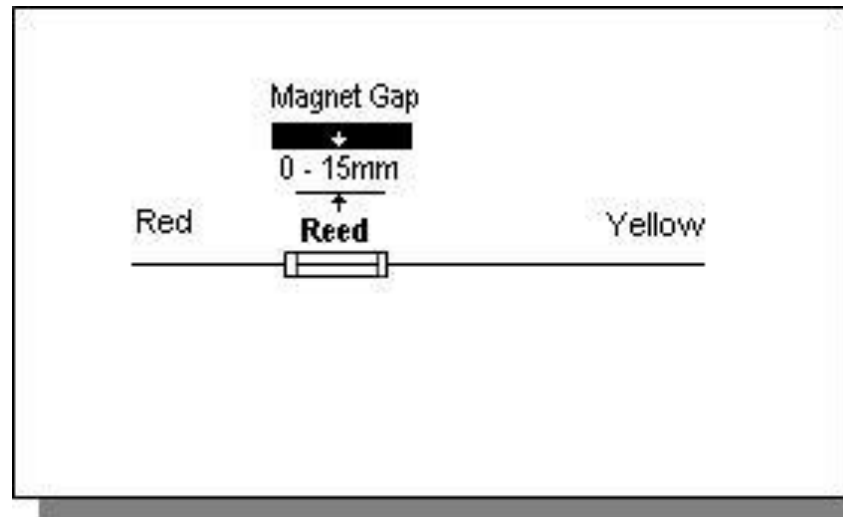

**Part Code: XE50**

Security Grade 3      Environmental Class 3

Manufactured to BS EN50131-2-6

**Sealed against outside attack. Magnetically balanced to show that an outside magnet has been introduced.**

The RED and YELLOW wires are the contact.  
The BLACK and BLUE wires are the tamper loop

The magnet side needs to be fitted 0 – 15mm away from the reed side; this is the most efficient position. Ensure when fitting the contact the green labels line up.
