Surface Balanced Magnetic Contact 8K2 x 2 CE

Part Code: PDE508K2

Security Grade 2

Environmental Class 3

Manufactured to PD6662

Sealed against outside attack.

Can be used with just the reed switch and no resistors – connect the yellow wire and the red wire.

1 2 To fit using both resistors, twist green & white wires together & connect to your alarm terminal. Connect the red wire to your second alarm terminal. This gives 8K2 when reed is open, (Magnet away), and 4K1 when magnet is in place, (Closed circuit).

3 The magnet side needs to be fitted less than 20mm away from the reed side.

Black and blue wires are the tamper loop
